Laminated tops with PVC edge

- PVC Edge Laminate Tops offer a tough laminate surface with a hard PVC edge. The smooth edge provides a clean and contemporary look.
- They have a 1-1/2”particle board core with a backer sheet for stability.
- Choose from Domestic or Formica laminates.

Seamless thermo-formed table

The tops are constructed of a thermo-formed, super strength Eased Edge.

PVC over 17mm MDF, with black melamine backer.

The tops scratch, heat and chemical resistant tested for indoor use.

The layer in the surface can be any standard -R Rustic, -G Grain, -P Partial Grain, -T Textured, -M Matte or fully custom.
